## PARKING & PAVEMENT SURVEY

What do you think of Crystal Palace? Has it improved? Could it be better? The Chamber of Commerce is conducting a Parking and Pavement Survey to find out what you think about our local area and what needs to be done so that residents, traders and visitors can enjoy the way we use it. The information we collect will be used to inform our local councillors of our point of view but also as a 'shopping list' for our Town Centre Management. We want to tap in to your expert knowledge of what is on your doorstep and get down to the nitty gritty.

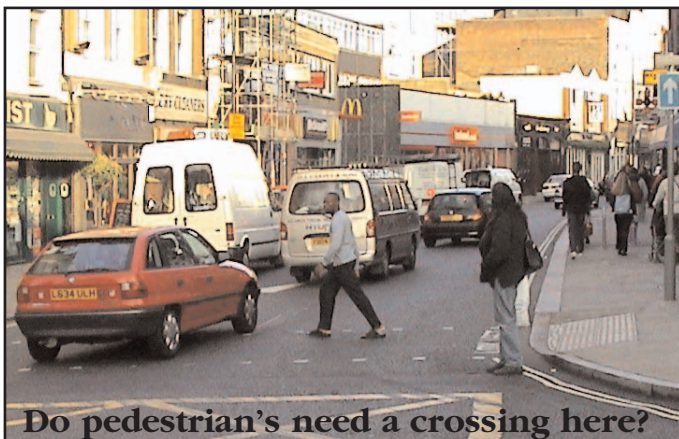

We want to hear about the things you notice and affect your immediate environment. We don't want general sweeping statements. So for example tell us where there is a pothole, a broken street sign or an area that is hazardous or unsightly. Is there space for another parking bay, are waiting times too short, is another bin needed, do vehicles park on the pavement and obstruct pedestrians? Try to focus on the small details as well as the bigger picture and if your suggestion affects other users consider their point of view. Thank you for your support!

Can you receive deliveries easily?

Does begging interfere with business?

Do pedestrian's need a crossing here?

Do we need double yellows here?
